The student and the thesis supervisor must participate in the intermediate revisions of theses. The thesis is prepared and formalized in accordance with: [Methodological requirements for the preparation of independent and final theses of the EC](#) (enters into force on February 1, 2022) The procedure for preparation, submission, defense and evaluation of theses. Graduates who have participated in all interim reviews can defend their thesis before the department committee. A graduate student who defends the final thesis before the department committee must have a bound final thesis with his and the supervisor's signatures and evaluation. **A student whose thesis was negatively evaluated by the supervisor is not allowed to defend the thesis at the department meeting.**
